Unique and Authentic Travel Experiences

CLASSIC TOURS

Beauty of Palawan

Philippines

West of the Visayas region, you'll find Palawan, a province that is considered to be the Philippines' last ecological frontier. On this excursion, your explorers will uncover and immerse themselves in its islands' mystique, from the famous underground river to the colourful coral reefs off Miniloc Island, and even El Nido's magical lagoons. Breathtaking scenery, vibrant marine life, savoury food — all coming together to create one amazing week-long adventure.

Cameron Highlands Escapade

Malaysia

Known for its natural beauty, the Cameron Highlands offers idyllic experiences for explorers. Send them on a three-day adventure through the rustic side of Malaysia, making stops at some of the region's most stunning and interesting attractions, like a local Butterfly Farm, the Time Tunnel Museum, and the town of Tanah Rata. With its picturesque strawberry fields, delicious tea, vibrant morning market, and even a visit to the Lata Iskandar Waterfall, this excursion is a total treat for the senses.

GO LOCAL

The Blue Jasmine

Thailand

Beckon your travellers on a sophisticated rail adventure through Thailand's cultural heartlands and scenic countryside. This one-of-a-kind historical train experience reveals smaller towns and cities rarely seen by the average traveller, offering exclusive excursions, hidden temples, unique dining experiences, and curated stays with real character — all delivered in the distinctive style of elegant train travel. This is a new way to see Thailand, off-track but deeply in tune.

All About Coffee with a Barista

Vietnam

Contrary to popular belief, there's actually nothing ancestral about coffee in Vietnam, but they've certainly found a way to make the craft their own. Beyond just trying it on a sidewalk, have your explorers learn the ins and outs of Vietnamese coffee. We've pulled a few strings and arranged a meet-up with a barista and coffee specialist at one of the most reputed coffee roasters in Hanoi.

OFF-THE-BEATEN-PATH ADVENTURES

Kulen Jungle Trek

Cambodia

For the more active adventurers out there, this trip to Phnom Kulen Mountain makes for a perfect warm-up to their journey through Cambodia. They'll uncover its jungles' mysteries with an expert guide to lead the way and hike through winding trails. Along the way, they'll reach the mesmerising Kbal Spean. Known as the "River of a Thousand Lingas," ancient carvings adorn the riverbed, whispering tales of its past. All of this is wrapped up with a refreshing dip at the Phnom Kulen Waterfall. Truly, a captivating appetiser for what Cambodia has to offer.

Zhangjiajie Avatar Tour

China

One of the most iconic features of Zhangjiajie is the towering, pillar-like peaks of Zhangjiajie National Park, brought to most people's attention through the movie Avatar. On this excursion, your explorers will feel like they've stepped into the silver screen to experience the wonders the area has to offer for themselves. Riding the world's highest and fastest elevator, they'll enjoy a breathtaking panoramic view at the top.

We Believe in Travel while Doing Good

As we continuously create authentic travel experiences, we also keep responsible travel at heart — empowering communities through our products and inviting our clients to be a part of the solution in preserving traditions, supporting communities, and protecting the environment across Asia.

Partner Communities

We work with communities and organisations across Asia, from non-government organisations to indigenous communities, to support them and help preserve their intangible cultural heritage.

Here are just some of the communities we work with:

- **Living Land Farm:** A community enterprise in Luang Prabang, Laos, founded by locals who wanted to make better use of their land, eventually turning it into a community farm and craft centre.
- **Jungle School Gombak:** A leadership experiential programme that empowers the people of Gombak, Malaysia, to share their cultural knowledge and expertise.
- **Hang Kia Commune:** A mountain community in Vietnam that houses the Hmong ethnic minority.

Corporate Social Responsibility Activities

We also participate in and organise activities as part of our corporate social responsibility. These programmes include food drives, trash collection, marathons, and more — all geared towards welcoming explorers and locals alike to a better Asia.

- **Pencils for Kids:** An organisation dedicated to helping children in developing countries attend school. We've been supporting their missions across Thailand by providing school supplies for underprivileged children. We sponsored a charity golf classic to raise funds for one of their initiatives.
- **Soap-Making Workshops:** In Vietnam, we've been hosting soap-making workshops using the cold saponification method. Travellers produce natural soap, then deliver it—often by bike or on foot—to remote schools where hygiene supplies are limited. This activity raises awareness about hygiene and directly supports schoolchildren in underserved areas.

We Care for Animal Welfare

Many of the experiences we offer involve watching or interacting with animals, and while these can have social, economic, environmental, and educational benefits, we're fully committed to the protection of animals to create a truly positive experience for our clients and their guests.

Our **Animal Welfare Policy** includes:

- Supporting conservation projects and animal sanctuaries;
- A 'stop-sell' on all tours that involve elephant riding and reviewing our products that entail physical interaction with animals; and
- Working with partners and local communities that align with our stance and actions on animal welfare.
