FAQs: Important Tips for Travelling in Sri Lanka

Sacred Etiquette

When visiting temples or holy places, it's important to cover the shoulders and knees. Remove shoes and head coverings before entering, and avoid turning your back on Buddha statues or taking photos with them.

Visible Buddha tattoos can even have legal implications, so it's best to be cautious.

Greet Like a Local

In Sri Lanka, greeting with "ayubowan" (hello) and a slight bow is a traditional gesture of respect. Saying "bohoma sthuthi" (thank you) can also endear you to the locals. The greetings are pronounced exactly as they are spelled.

Additionally, use your right hand for eating and handing over items, as using the left hand is considered disrespectful.

Sustainability Matters

Sri Lanka is committed to ecotourism. Support environmental protection by avoiding disposable plastics. The island nation also champions sustainable measures within its communities. Purchasing from local vendors is highly encouraged, and many tours offer opportunities to participate in community projects that promote sustainable practices while providing authentic experiences.

Warmth in Every Cup

Sri Lankans are renowned for their warm hospitality.

If offered tea or snacks, accept graciously; it's a sign of respect and appreciation.

Respectful Dialogues

Avoid discussing religion or politics, and refrain from making negative comments about Buddhism, other religions, or political issues.

Always treat national symbols with respect.
